Using Windows Media Player 11 with BeoMaster 5/ BeoSound 5

This guide will instruct you on how to rip CDs directly onto your BeoMaster 5/BeoSound 5 using Windows Media Player.

You must have BeoPlayer/BeoConnect for Windows installed on your PC because BeoPlayer/BeoConnect acts as a connector between Windows Media Player and BeoMaster 5/ BeoSound 5.

Before you begin	This Guide applies to the use of Windows Media Player 11 (and 12) with Windows XP with Service Pack 2, Windows Vista with Service Pack 1 or Windows 7. To use Windows Media Player 11 with BeoMaster 5/BeoSound 5, BeoPlayer 5.0/BeoConnect 1.0.4.0 or higher must be installed on the PC and BeoPlayer/BeoConnect must be connected to BeoMaster 5/BeoSound 5.
How does it work?	The ripped CDs will not be stored on your PC since you only use the programme to rip CDs to BeoMaster 5/BeoSound 5. Remember to check that your PC is connected to BeoMaster 5 /BeoSound 5 before you start to rip CDs. Otherwise, the music file will be saved in the default setting instead of on BeoMaster 5/BeoSound 5. If there is contact between BeoPlayer/BeoConnect and BeoMaster 5/ BeoSound 5, the Bang & Olufsen icon in the task bar at the bottom of the PC screen is black.
Supported format	The supported cover format is jpg. Embedded cover art is transferred with the music files to BeoMaster 5/BeoSound 5. The cover art should have a resolution of 512x512.
What to do?
